REQUEST FOR AUTHORIZATION TO PERFORM WORK IN CONDOMINIUM UNIT

In accordance to **Article 9: Maintenance, Alterations and Improvements; Section 9.3: Additions, Alterations or Improvements by Unit Owners; and Section 9.3.1: Governmental Zoning Codes.**

- No unit owner shall make any structural additions or improvements in or to their unit, except for wall papering or painting, or any alteration to limited common elements without the prior written consent of the Board of Directors.
- A written request must be submitted by unit owner and shall include a detailed copy of the proposed addition, alteration or improvement prepared by an architect licensed to practice in this state, or a licensed contractor.
- No renovation work is allowed to exceed the existing architectural standards or capacity of each condo unit, i.e.: a new oversized kitchen granite counter top that needs a crane to lift it into the unit and requiring the existing windows to be removed from their building framework, or, become insufficient in our minimum architectural standards such as placing cork, or similar, under padding for carpeting or hard surface flooring like wood or tile, for noise reduction.
- Hallways will not be used for construction storage or unit work at anytime. However, an exception will be given to the Unit owner who gets required permission from all owners on the same building level where work is to be done and is required to clean the hallway daily after work is finished. Any follow-up cleanup that is done by our maintenance staff due to owner's omission will be charged to Unit owner. If tile cutting is to be done, a hooded device must be used.
- The Board shall have the obligation to answer any written request by a unit owner for approval of additions, alterations or improvements in the unit owner's unit or limited common elements within sixty (60) days after the request and all additional information requested is received in the manager's office.
- If the unit owner proceeds with aforementioned work without prior written approval by the Board, they may be required to undo any work done and bring conditions back to their prior original state, at their own expense.
- If the unit owner does not receive a written response from the Board to their above work request within the stipulated time frame after all required documents have been submitted, it shall constitute the Board's consent to the proposed additions, alterations or improvements, which shall be made in compliance with all laws, rules, ordinances and regulations of all governmental authorities, having jurisdiction.
- All approved additions and modifications must meet all pertinent governmental zoning codes.
- A unit owner making or effecting any additions, alterations or improvements agrees, and shall be deemed to have agreed, to hold the Association, and all other unit owners, harmless from any liability and expenses arising therefrom.
- Cleanup of debris/trash after any work done will be the responsibility of the unit owner and their chosen contractor, and will include all common areas used such as hallways, elevators, or parking lot. The unit's old carpeting, padding, or tile flooring, sheetrock walls, to name a few, must never be dumped in our association's dumpsters. Any violation will be the liability of the unit owner and they will bear all cost of removal/cleanup.
 - The carts in each building are not to be used by any contractor to haul construction material or debris for any reason whatsoever. Unit owner and their contractor will be held liable for any violation.
